<p>Royal College of Veterinary Surgeons (RCVS), documents of interest:</p> <ul style="list-style-type: none"> • RCVS Day One skills for Veterinary Nurses • RCVS Day One competencies for Veterinary Nurses • RCVS Professional behaviours and attributes • RCVS Veterinary Nursing Fitness to practice • RCVS Accrediting Veterinary Nursing Qualifications • RCVS Veterinary Nurse Registration Rules <p>Office for Students (OfS) Sector-recognised standards</p>	
23. Aims of programme	
<p>Course Aims</p> <ul style="list-style-type: none"> • Produce a safe, competent and reflective Veterinary Nurse who is eligible for admission to the Royal College of Veterinary Surgeons Veterinary Nurse Register; • To provide a learning environment in which student Veterinary Nurses can take responsibility for their learning, and thus enable them to develop to their full potential; • To provide student Veterinary Nurses with the opportunities to develop a range of practical, personal and supervisory skills whilst gaining the underpinning academic knowledge required to work in veterinary practice; • To introduce students to research and development opportunities allied to the veterinary profession; • To facilitate access to higher degree level studies; • To provide a qualified workforce for the veterinary profession. <p>The broad aims of the Foundation Degree in Veterinary Nursing are to:</p> <ul style="list-style-type: none"> • Produce a critical thinking practitioner with extensive knowledge, who can contribute to the standing of the Veterinary Nursing profession through subject specific preparation to Foundation (Science) Degree level; • Produce Veterinary Nurses with a wider range of skills, enabling them to work in a variety of roles within Veterinary practice; • Demonstrate knowledge of anatomy and physiology of small animal, exotic and equine species; <p>The broad aims of the Bachelor of Science in Veterinary Nursing are to:</p> <ul style="list-style-type: none"> • Produce a critical thinking practitioner with extensive knowledge, who can contribute to the standing of the Veterinary Nursing profession through subject specific preparation to Bachelor of Science Degree level; • Produce Veterinary Nurses with a wider range of skills, enabling them to work in a variety of roles within Veterinary practice; • Demonstrate knowledge of anatomy and physiology of small animal, exotic and equine species; • Produce a graduate veterinary nurse who is equipped with the necessary research skills to progress evidence based veterinary nursing. 	
24. Overall Programme Level Learning Outcomes - the programme offers opportunities for students to achieve and demonstrate the following learning outcomes.	
<p>Students who are unable to complete the full course may be awarded the Certificate in HE Animal Welfare and Care providing they meet the requirements in the Assessment and Award Regulations. The broad outcomes of this exit award are:</p>	
	Modules in which each learning outcome will be developed and assessed:
At the end of the Certificate in HE Animal Welfare and Care, the student is able to:	
<ul style="list-style-type: none"> • Demonstrate knowledge of the basic care and animal husbandry of a range of small animal, exotic and equine species as required for veterinary practice; 	<p>Academic & Professional Development 1,2,3 Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2</p>

<ul style="list-style-type: none"> Interact with colleagues, clients, patients and members of the multi-disciplinary team; 	Academic & Professional Development 1,2,3
<ul style="list-style-type: none"> Demonstrate a range of skills providing basic care for small animals, exotics and equine. 	Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2
At the end of the FdSc VN Degree programme, the student is able to:	
<ul style="list-style-type: none"> Demonstrate knowledge and understanding of the professional, ethical and moral responsibilities of Veterinary Nurses; 	Academic & Professional Development 1,2,3 Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2 The Professional Veterinary Nurse
<ul style="list-style-type: none"> Demonstrate an extensive and integrated knowledge and understanding of veterinary nursing; 	Academic & Professional Development 1,2,3 Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2 Diseases and Diagnostic techniques Anaesthesia and Theatre Practice Emergency and Critical Care The Professional Veterinary Nurse
<ul style="list-style-type: none"> Demonstrate critical understanding of veterinary nursing practice through applying a wide range of nursing skills; 	Academic & Professional Development 1,2,3 Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2 Diseases and Diagnostic techniques Anaesthesia and Theatre Practice Emergency and Critical Care The Professional Veterinary Nurse
<ul style="list-style-type: none"> Apply relevant technology in veterinary practice; 	Academic & Professional Development 1,2,3 Diseases and Diagnostic techniques Anaesthesia and Theatre Practice Emergency and Critical Care
<ul style="list-style-type: none"> Understand the judgements employed by Veterinary Nurses and other professional colleagues; 	Academic & Professional Development 1,2,3 Diseases and Diagnostic techniques Anaesthesia and Theatre Practice Emergency and Critical Care The Professional Veterinary Nurse
<ul style="list-style-type: none"> Solve practical work problems in an effective manner; 	Academic & Professional Development 1,2,3 Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2 Diseases and Diagnostic techniques Anaesthesia and Theatre Practice Emergency and Critical Care
<ul style="list-style-type: none"> Demonstrate an awareness of current issues relating to veterinary practice; 	Academic & Professional Development 1,2,3 Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2 Diseases and Diagnostic techniques Anaesthesia and Theatre Practice Emergency and Critical Care The Professional Veterinary Nurse
<ul style="list-style-type: none"> Plan and manage their own work. 	Academic & Professional Development 1,2,3 The Professional Veterinary Nurse Applied Animal Health & Welfare 1 Applied Animal Health & Welfare 2 Diseases and Diagnostic techniques Anaesthesia and Theatre Practice Emergency and Critical Care
At the end of the BSc VN Degree programme, the student is able to (in addition to the above):	

<ul style="list-style-type: none"> Conduct research in a relevant area of clinical practice. 	Academic & Professional Development 3 The Professional Veterinary Nurse Research Methods Final Year Project Electives in a specialist area
---	--

25. Teaching/learning methods	Approximate total number of hours
-------------------------------	-----------------------------------

Lectures / Seminars	15 - 18 hours per week
Practical Classes	1-2 hours per week
Clinical Rotations / Placement	Minimum 1800 hours
Tutorials	Minimum of one personal tutor meeting per module
Directed Learning Sessions	3-5 hours per week

26. Assessment methods	Percentage of total assessment load (estimate)
------------------------	--

Course work	FdSc (44%) BSc (45%)
Examinations	FdSc (22%) BSc (23%)
Oral presentations	FdSc (17%) BSc (16%)
Practical assessment	FdSc (13%) BSc (10%)
Supervisors mark	BSc (3%)

27. Feedback

Feedback is provided throughout the course to enable development of key academic and professional skills and help learners identify where they need to improve. Individually, students may receive feedback on formative activities, summative assignments, during lectures and seminars, taught practical sessions, practical assessments (formative OSCEs), and via the tutor group discussion forum, and via peer review during placement.

Feedback to the group is provided via module reviews (in response to student evaluation), Course Management Committee meetings (in response to student queries) and from 'You said we did' posts.

28. Programme structures and requirements, levels, modules, credits and awards
--

Year / Term	Module Title	Level	Credits	Compulsory or optional
Year 1, Term 1,2,3	Academic & Professional Development 1	4	30	Compulsory
Year 1, Term 1	Applied Animal Health & Welfare 1	4	30	Compulsory
Year 1, Term 2	Applied Animal Health & Welfare 2	4	30	Compulsory
